Coffee Arabica Giant Tree

Art. Nr. G4E_00695

- Insert the side branches from top to bottom into the respective holes (each branch is numbered) of the main trunk and secure them with the screws provided.
- Use the provided wood glue paste to coat the transitions of the main trunk and branches.
- Please use the gloves provided during treatment! (Wood glue paste can be treated better with a few drops of water).
- The wood glue paste darkens after drying and adapts to the color of the log.
- If you have any questions, you can always contact service@green4ever.shop
