Murraya tree deluxe XL

Art. Nr. G4E_01090

- Begin assembling the branches on the upper main trunk.
- Then confirm the small twigs in the respective holes of the trunk and tie them to the main trunk with the screws provided.
- The branches and holes are numbered.
- Confirm 1 to 1 and 2 to 2, or A to A and B to B, etc.
- With the wood glue provided, the transitions from trunk to branch can be made lubricated.
- Just add drops of lukewarm water so that the dough spreads easily.
- Use the gloves provided.
- The wood glue paste is darker in color, but when dry it will become a take on a natural color.
- For any questions, you can contact service@green4ever.shop
